Local Events.

—There was a slight rainfall on Friday morning.
—A moonlight picnic at Rock City Friday night.
—A hoop snake was killed near town several days ago.
—Candidates are not so numerous in Fairfield as in other counties.

—It is told for a fact that there is one modest member of the Winnsboro bar. He thinks of quitting the profession.
—On account of sudden indisposition Miss Thompson has been prevented from meeting her dancing class, but hopes to commence soon.

—The store of Messrs. J. F. McMaster & Co. on Congress street is now being repainted.
—We have two Osborn Reapers on hand, which we will sell cheaper than any other reaper in the market.

May 24. R. J. McCARLEY & Co.
—Sam'l. D. Fant's is the place to buy Cooking and Heating Stoves, Tinware, etc. Call on him, as he will not be undersold.

—Blaine received 500 votes on the fourth ballot, while 411 was necessary to nominate. Logan will probably be nominated for Vice-President.

—The sports are betting soda water and ice cream on the Republican nominee for the Presidency. The majority espouses the dark horse side of the issue.

—The great scarcity of money is the subject of much discussion and no little regret in this section of the country. Everybody confessed to be "strapped" and a dollar is as big as a cart-wheel.

—Do your own printing with the Rubber Printing Stamp, manufactured by Sam'l. D. Fant. Call and see samples of work.

—Call at the office of R. J. McCARLEY & Co. and leave your order for the Waynesboro "Eclipse" Grain Separator, the best grain sower in the market.

Mar 20.
—If you want any Stove Pipe Sam'l. D. Fant will sell it for the next thirty days at twenty cents per joint of two feet. Sizes from three to six inches.

PERSONAL.—Our young friend, Mr. D. D. Gaillard, is expected home from West Point in a short time. Mr. Gaillard has finished his course at West Point and will have several months' urlough before his active duties will begin.

OPENING OF THE SKATING RINK.—Monday night last was set apart for the grand opening of the Skating Rink in the Academy of Music. The crowd was large, lively and full of fun. The Citizens' Cornet Band was there and discoursed sweet music during the evening. The occasion was reported very enjoyable, and we hope the rink will be liberally patronized.

THE COTTON.—Reliable and competent farmers inform us that the damage done the cotton crop by the recent cold weather is of a much more permanent and serious character than was at first anticipated. The appearance of the cotton now is as if it had been scalded with hot water, and it will doubtless take some time for it to recover from these injuries.

THE AGRICULTURAL DEPARTMENT.—The Hon. A. P. Butler, the Commissioner of Agriculture, is sending out a circular letter all over the State, in which directions are given to the planters for the shipping of crop samples to the Department of Agriculture. This information is invaluable and it is clearly and accurately given, and farmers should give it careful attention before shipping.

THE TAXES.—The time has expired for the payment of the first instalment of the State taxes, and Mr. Davis, our county treasurer, has collected in round numbers about \$8,800, as against \$2,700 to the same date of last year. This is not as good a showing as has been made by some of the counties, but considerably better than the collections in this county last year, and for the improvement we should be thankful.

GOING TO COLUMBIA.—We are authorized to announce that the Steam Fire Engine Company will positively go to Columbia and participate in the firemen's tournament. The members of the company are practising daily now and there are indications that they will make a creditable record at Columbia. About twelve new members were enrolled on Thursday night last and we shall expect to see full ranks and a splendid show for the Steam Fire Engine Company at the firemen's tournament.

CLUB MEETING.—The Ridgeway Democratic Club will assemble at Head Quarters on Saturday next 14th inst., at 11 o'clock, for the purpose of electing delegates to the County Convention to be held in Winnsboro on the Saturday following, and for the purpose of reorganizing the Club. A full attendance of the members is requested as the occasion is important. The claims of some of the candidates now before the people will be heard and discussed.

W. H. Ruff, Secretary.
C. E. Thomas, President.

GRASS AND GRAIN.—The grass and grain crops in and around Winnsboro, we venture to say, will equal if not surpass anything of the kind in the State. This is saying much, but we can't think too much. The oats crop is in range in yield from fifty to seven bushels to the acre, the barley is exceptionally fine and the clover and grass crops will make about a half ton of hay to the acre.

All these crops are being harvested by the use of the latest and most improved machinery and the sight is one worth going to see. This improved machinery is being generally used in grain harvesting all over the county and Fairfield is moving along the highway of progress.

COMMENCEMENT AT KING'S MOUNTAIN.—A friend has our thanks for an invitation to attend the commencement exercises of the King's Mountain High School on the 12th inst. The commencement address will be delivered by the Hon. John S. Long, of Newbern, N. C. The invitations are beautifully gotten up and the exercises will doubtless be enjoyable. We regret that we will be unable to attend.

COUNTY NORMAL INSTITUTE.—The report of the teacher's committee to the County Board of Examiners of last Saturday contained some valuable and favorable information relative to the feasibility of a Normal Institute for the county. The action of the Board on the report was postponed until next Saturday, the 14th inst. As an important factor, which will likely influence final action in the premises, the Board is desirous of knowing what entertainment can be given the teachers here during the continuance of the Institute. The session would not last more than four days, and all families who may be willing to entertain one or more teachers for that time will please notify one of the members of the Board.

COTTON STATEMENT.—The following is the comparative cotton statement for the week ending June 6, 1884: Net receipts at all United States ports during the week 12,503; to same time last year 95,228; total receipts to this date 7,759,931; to same date last year 5,822,749. Exports for the week 14,110; same week last year 58,139; total exports to this date 3,557,708; to same date last year 4,396,457. Stock at all United States ports 462,704; same time last year 461,578; stock at all interior towns 30,108; same time last year 47,741; stock at Liverpool 911,000; same time last year 984,000; stock of American cotton for Great Britain 40,000; same time last year 99,000.

TOBACCO LICENSE.—The following in regard to tobacco license may be of interest to our farmers and others:

Sec. 3. That hereafter the special tax of a dealer in manufactured tobacco shall not be required of any farmer, planter or lumberman who furnishes such tobacco only as rations or supplies to his laborers or employees in the same manner as other supplies are furnished by him to them. Provided, That the aggregate of the supplies of tobacco so furnished by him shall not exceed in quantity 100 pounds in any one special year; that is, from the 1st day of May in any year to the 30th day of April in the next year. And provided further, That such farmer, planter or lumberman shall not be at the time he is furnishing supplies engaged in the general business of selling dry goods, groceries, or similar supplies in the manner of a merchant or storekeeper to others than his own employees or laborers.

THE LEAP YEAR PICNIC.—The picnic at Pearson's Rocks on Thursday last was all that the most sanguine expected on that day, and the young men desire to thank the young ladies for their rural entertainment. About eight couples, chaperoned by Mrs. Dunn and Mrs. Desportes, composed the picnic crowd. With a small but congenial crowd, the whole day was one of splendid enjoyment. The girls succeeded admirably in learning the different tastes and inclination of the different boys and consequently all were entertained according to their particular liking. The repast was plentiful and exceptionally palatable. The party remained in the woods and around the rocks until six o'clock, and all in buggies returned to their homes happy over the experiences of the day. The picnic was a success, and we hope the ladies will not forget to entertain again.

FRANK LESLIE'S SUNDAY MAGAZINE.—The July number opens with a descriptive article by the Rev. Edward Barriss, M. A., entitled, "The Canibal Islands," with thirteen illustrations. Another, by Laurence Lamb, is descriptive of "The Cherokee Nation," with seven illustrations. "The Gospel According to Rembrandt" is a remarkable article, giving etchings by that eminent artist, and arguing that his works show what the common people in Holland and Germany actually believed in the sixteenth century concerning the Gospel of Jesus Christ. "Scenes in and about New Orleans" has eight illustrations. The editor, the Rev. T. De Witt Talmage, has a characteristic article on "The Divorce Abomination," and a sermon in the Home Pulpit, "The Floral Gospel." There are two serial stories, and sketches, essays, etc., by G. A. Davis, Angeline Alexander, H. V. A. Patton, etc., several poems and a comprehensive miscellany. The embellishments are numerous and admirably executed. Price twenty-five cents a number, or \$2.50 a year, postpaid. Address, Mrs. Frank Leslie, Publisher, 53, 55 and 57 Park Place, New York.

A BRILLIANT WEDDING.—The Rock Hill Herald gives an interesting account of the brilliant wedding of Miss Beverly Means, who is well and favorably known in Winnsboro. It says: Last Tuesday night, June 3d, the Episcopal church at this place was the scene of the most brilliant marriage that has perhaps ever occurred in Rock Hill. The contracting parties were our highly esteemed fellow-townsmen, Dr. T. M. DuBoise, and Miss Beverly Means, daughter of the late lamented Captain Beverly Means, of Fairfield. The ceremony was performed by the Rev. E. N. Joyner in the presence of the largest concourse of people that was ever assembled in the church.

Thus ended the marriage occasion of Dr. Theodore M. DuBoise, one of the best young men and one of the most perfect gentlemen we have ever known, and Miss Frances Beverly Means, whom every one in this community esteems and honors as one of the pur-

est, most aimable and lovable young ladies in our country. Happy couple. Mr. and Mrs. DuBoise left on Wednesday afternoon's train on a tour to Seawanne, Tennessee, the native home of the groom. They certainly have the best wishes of every person in Rock Hill for a most prosperous and happy life.

We failed to state in the proper place that the church had been decorated with festoons and garlands of flowers and evergreens in a most beautiful and tasteful manner by lady friends. It was as pretty as a picture.

THE RAILROAD COMMISSION CASES.—The interesting railroad cases recently argued in the Circuit Court at Columbia were important as involving the powers of the Railroad Commission over the railroads of the State. The cases were heard on appeal from the decision of the Railroad Commission, and both of them were ably and elaborately argued by Col. James H. Rion for the railroad company and Attorney General Miles for the Commission. Judge Kershaw filed his decrees in these cases on the 3rd inst. In the first case the Judge decides that the railroad company cannot charge an additional one-half cent per mile for second class passengers who fail to buy tickets. This leaves the company to charge this extra rate for first class passengers without tickets. The second case involved the right of the Commissioners to regulate freights from points within to points without the State, and the reverse. The Judge decides the Commission has no power so to do, as that affects inter-State commerce, reverses the Commission and sustains the appeal of the railroad company. The first decision is of very little importance; but the second greatly curtails the power of the Commission. While the specific freight rates involved referred only to merchandise shipped from Columbia to North Carolina, the point decided applies to all passengers and merchandise that cross a State line. On these the Commission cannot regulate the rates upon any part of the route, even upon a road that is entirely within this State. This latter decision in a great measure practically strips the Commission of its power over the railroads, and we believe that Judge Kershaw's decree is not only good law, but is founded upon sound public policy.

THE YOUNG MEN'S CLUB.
Reorganized and Ready for the Campaign.—The Old Officers Re-elected—Delegates to the County Convention, Etc.
The Young Men's Democratic Club of this place met in the Court House on Tuesday evening, the 3d inst., and was called to order by President McDonald.

After reorganizing, the Mr. H. B. McMaster moved that the rules be suspended and all the old officers be re-elected by acclamation. The motion was carried. Secretary Harden resigned and Mr. J. P. Caldwell was elected instead.

Mr. C. A. Douglass moved that the Club proceed to elect delegates to the County Convention. Mr. Caldwell moved to amend by electing four delegates. Amendment accepted.

After some discussion, the meeting resolved to go into an election of delegates, which resulted in the choice of Messrs. C. A. Douglass, W. J. Elliott, E. B. Ragsdale and J. E. McDonald; alternates, H. B. McMaster, T. W. Landerdale and J. H. Harden.

Mr. C. A. Douglass was elected a member of the County Executive Committee.

The following names were proposed and elected as members of the Club: J. C. Gadsden, D. E. McDowell and W. M. Propst.

Mr. E. B. Ragsdale, as chairman of a committee appointed to solicit a contribution of one dollar from each member to assist in defraying the expenses of the political prosecutions against the Democrats of this county; made a verbal report as to money collected and on hand, and asked what disposition to make of same. A motion was made that the report of the committee be received, and upon its refunding the money to parties contributing who had been discharged.

Mr. H. B. McMaster was elected treasurer.

A committee of three, consisting of Messrs. C. A. Douglass, Landerdale and Johnston, was appointed to solicit new members.

The delegates to the County Convention were instructed by the Club to vote for our worthy and efficient president for Solicitor of this Circuit.

J. H. HARDEN, Secretary.

DEMOCRATIC CLUB MEETINGS.

The retiring president, Mr. R. E. Ellison, called the meeting to order, when the Club proceeded to elect their delegates, which resulted in the election of the gentlemen named in the list of officers given below.

The meeting was then dissolved, and on motion Mr. J. R. Harvey took the chair, and stated that the election of officers was then in order; thereupon the Club proceeded to an election, with the following unanimous results:

1st Vice-President—P. Hastings.
2d Vice-President—J. H. Kennedy.

Delegates to County Convention—R. E. Ellison, P. Hastings, J. H. Kennedy, R. F. Martin, J. B. Turner, Alternates—J. R. Harvey, J. C. Stewart, W. J. Crawford.

The President appointed the following committee: Executive Committee—Adalbert Evans, W. J. Crawford, W. M. Harden. Registration Committee—J. C. Stewart, John C. Weldon, Jos. G. Robertson, J. D. Harden.

The meeting was well attended, and

after some discussion the Club decided to send their members to the County Convention untrammelled in regard to their action there.

The President, upon being escorted to the chair by a committee appointed for that purpose, delivered a short address, in which he thanked the Club for their continued kindness, and complimented the members for their past fidelity in the cause of honesty and justice, and assured them that no effort of his would be spared in keeping the Democratic banner to the breeze.

Local and itinerant candidates of all denominations are cordially invited to call on us, and are assured of a warm welcome at our club meetings.

The Club adjourned to meet at Jackson's Creek Church on Friday, July 11. Members will please take notice.

T. M. BOULWARE, JR., Secretary.

Opening the Fountains.
In numerous bulbs beneath the skin is secreted the liquid substance which gives the hair its color and gloss. When this secretion stops, the hair begins at once to become dry, brittle and gray. It is that condition of hair which is so aptly Parker's Hair Balsam at once. It will restore the color, gloss and life by renewing the action of nature. The Balsam is not an oil, not a dye, but an elegant toilet article, highly appreciated because of its cleanliness.

READ THIS!

There is only one way to do a successful business, and that is "on the square" with everybody. In this age of humbug and quackery, the manufacturer of a medicine which claims merit should not be afraid to trust the people. I am not afraid. I claim and assert that "Cure's" "Vegetable Discovery" will cure

Liver Complaint, Female Complaint, Sick Headache, Worms, Kidney Affections, Nervousness, Consumption, Eruptions.

And the many disorders which all have their origin in the diseased state of the Blood. And I hereby authorize my agents in every case where the purchaser has given the remedy a fair trial, and perceives no decided benefit, to refund the MONEY. I don't want a penny of any one's money that I cannot give FULL VALUE for. Square dealing is bound to pay in the long run.
